

Heather Villari

Fine Art . Education

Private and semi-private art lessons are *custom* designed for you or your child. Current abilities will be assessed and a curriculum plan will be developed based on discussions and session assessments. Generally speaking, it is my goal as an artist to draw attention to

the elements of art, to hone and provide artistic tools for “seeing”, to provide guidance, knowledge, feedback, and tips, and to expose the student to various mediums all within the artistic process. Preserving the student’s intrinsic artistic expression while fostering and developing their natural creative process is essential.

General Information and Pricing:

Sessions are 1.5 hours in length, once a week at an agreed scheduled time and weekly duration.

Private lessons are \$40 and semi-private (max. 3 students) are \$30 per 1.5 hour session. Larger group classes (no less than 5) are available at a rate of \$20/student for 1.5 hour session.

For more information or to get started, contact me at 267-258-7103. I look forward to making art!
